

Does Your Handwriting Tell on You?

Leading handwriting expert Sheila Lowe has packed thirty-two years of experience into a four-hundred-fifty page book, *The Complete Idiot's Guide to Handwriting Analysis* (Penguin/Alpha), second edition.

The latest in the Idiot's Guide series, Lowe's is like no other handwriting analysis book on the market. It teaches the reader to understand personality, using the European principles of Space, Form, and Movement, rather than the more elementary "stroke" method that most books offer. Readers learn how to analyze any style of writing or printing, in any language. In addition to basic graphology instruction are chapters on the legal implications of using handwriting analysis in business; handwriting analysis software, and personal relationships. Information on schools, organizations, certification is included, along with the hundreds of celebrity handwriting samples.

Sheila Lowe is a court-qualified handwriting expert who frequently provides opinions for the media in high-profile cases where handwriting is involved, such as O.J. Simpson, Susan Smith, and Jon-Benet Ramsey. She is also the author of Sheila Lowe's Handwriting Analyzer software (download a free demo copy at www.writinganalysis.com) and the best-selling mystery novel, *Poison Pen* (Capital Crime Press).

The Complete Idiot's Guide to Handwriting Analysis: \$16.95 + \$5.00 shipping (Priority Mail). To order a personally autographed copy: Email: sheila@sheilalowe.com (Overseas, suggest ordering from www.amazon.com)
