

New! Independent Study Course in the Gestalt Method

After numerous requests over the years, Sheila Lowe has decided to distill her 38 years of experience into a new course of independent learning. Intended as a study guide companion for her popular book, *The Complete Idiot's Guide to Handwriting Analysis* (Penguin), the course lessons will build on and amplify many topics that were introduced in the book.

Along with instruction in the principles of the gestalt method of handwriting analysis are many handwriting samples, along with exercises and quizzes to help the student develop a firm foundation for his or her practice of graphology.

It is not required to sign up for the entire course, but each lesson may be ordered separately. This will allow the student to study at his or her own pace. Lessons will be sent by email or on CD-ROM unless otherwise arranged. Tuition for each lesson is only \$75.

Primary learning objectives of the Course:

Upon completion of this independent training course, the student can expect to be able to:

- *Understand handwriting analysis and its applications*
